**Dear Parents:**

**ECSD Transportation has implemented new procedures and guidelines for busing during the current state directives issued for social distancing on school buses.**

- **All students and adults will be required to wear masks while on district transportation.**
- Students will sit one per seat in the window seat. Siblings may share a seat (max 2 per seat).
- If 2 students are sitting in one seat the seat directly across must only have one student.
- The seat directly behind the driver is not to be used in order to maintain 6ft distance between adults and students.
- Bus loading: The first student on board the bus will sit at the most rearward seat. The bus will be loaded from back to front alternating sides accordingly.
- Students will board the bus one at a time maintaining 3ft social distancing.
- Bus unloading: All students will remain seated at the drop off location. The student in the first row will exit first then alternating from side to side and front to rear of the bus one at a time to maintain 3ft social distancing.
